STRATEGY & FEATURE BLUEPRINT

M/S Eshayat Enterprise

CLIENT PROPOSAL & AGENDA

Location: Mirpur, Dhaka-1216
Date: October 2026
Prepared For: Executive Leadership

A Modern Digital B2B Catalogue & Growth Engine

This document outlines the strategic vision, feature blueprint, and discussion agenda for **M/S Eshayat Enterprise**. Rather than a generic retail store with rigid carts and visible price tags, we are designing a **high-credibility wholesale showroom** engineered to turn online visitors into direct phone calls and wholesale WhatsApp purchase inquiries.

1. Why a B2B Digital Showroom (and Not a Retail Store)?

In the wholesale importing market across Dhaka and industrial Bangladesh, transactions operate on relationships, credit terms, proforma invoices, and volume tiers. Here is how our design addresses your specific business realities:

No Public Pricing

Wholesale prices fluctuate with container shipments, import tariffs, and order volumes (20 units vs 1,000 units). Showing fixed prices harms your profit margins and negotiations. Instead, every product invites buyers to **"Call for Wholesale Rate"** or **"Inquire on WhatsApp"**.

Protects Margins

The "Send Me Photos" Solution

Stop scrolling through your phone gallery to send 20 uncompressed photos every time a client asks what you have. Simply send a clean, branded link where clients can view every model in crisp detail.

Saves 2+ Hours Daily

Corporate & Tender Credibility

RMG factories, pharmaceutical plants, and construction conglomerates demand official proof of reliability. Showcase your Mirpur warehouse, international certifications (CE, EN, ISO, FDA), and downloadable catalog.

Wins Tender Contracts

70%+ Mobile Procurement

Factory managers and purchasing officers browse on smartphones while on factory floors or site visits. The entire platform is built mobile-first with 1-tap call and WhatsApp buttons.

Instant Direct Contact

2. Core Product Divisions to Showcase

Product Division	Featured Product Lines & Models	Target Client Base
🦺 **Industrial Safety & PPE**	Steel-toe shoes (Runner & Trek), Autoclave boots, 1000V insulating gloves, chemical gloves, EN 140 respirators, high-vis vests, ear muffs.	RMG, Textile Mills, Heavy Engineering, Steel Plants
🔬 **Laboratory & Scientific**	Peristaltic pumps (BT600FC / CF3000), DLAB/QIUJING micropipettes, Schott Duran glassware, 2mL autosampler vials, sterile Petri dishes.	Pharmaceuticals, Quality Control Labs, Universities
🔥 **Fire Protection Systems**	Fire blankets (1.2 × 1.8m), hose cabinets, alarms, firefighter boots & suits, bolt cutters, emergency escape ladders.	Commercial Buildings, Factories, Warehouses
🏗️ **Turnkey Cleanroom & OEM**	Modular cleanroom panels, HVAC with HEPA filtration, pass boxes, air showers; custom logo printed EN 50365 safety helmets.	Pharma Sterile Units, Construction Contractors
⚡ **Electrical Safety & MRO**	High-voltage switchboard isolation mats, Saft LS 17500 3.6V lithium cells, maintenance lubricants, industrial hardware.	Substations, Control Rooms, Utility Meters

3. What We Are Building: 10 Flagship Features

1. 1-Click WhatsApp Inquiries

Every product card has an *"Inquire on WhatsApp"* button that opens WhatsApp with a pre-written message: **"Hello Eshayat Enterprise, please quote wholesale price for Runner Safety Shoes. Qty: [ ]"**. Zero friction for buyers.

2. Multi-Item Quotation Basket

Factory buyers often need 5 different items at once. They can tap *"Add to Quote List"* on shoes, gloves, and respirators, then click once to submit a single compiled bulk tender list via WhatsApp or email.

3. Full Bilingual Toggle (বাংলা / EN)

Instant header switch (**EN | বাং**). Factory supervisors, local contractors, and procurement staff can read all product descriptions, certifications, and WhatsApp messages in clean, professional Bangla.

4. Mobile Quick-Action Thumb Bar

Sticky footer bar on mobile phones: 📞 **Direct Call** (Primary & Sales lines), 💬 **WhatsApp**, and 📋 **Get Quote**. Always within thumb reach no matter how far the buyer scrolls.

5. Google Search Optimization (SEO)

Engineered to rank for high-intent searches in Dhaka: *"safety shoes wholesale dhaka"*, *"PPE importer mirpur"*, *"laboratory equipment supplier bangladesh"*. Generates organic leads without paid ads.

6. Zero-Code Mobile Admin Portal

A simple, private **/admin** screen for the owner. Log in with a 4-digit PIN on your phone, snap a photo of a new shipment, type the name, and tap **Save**. Appears on the website instantly.

7. Downloadable Catalog (PDF)

Corporate procurement officers constantly ask: *"Apnader catalogue ta pathan"*. A prominent **Download Company Profile & Catalog (PDF)** button generates an executive summary on demand.

8. Turnkey Services & OEM Showcase

Dedicated sections spotlighting your high-value engineering services: **Turnkey Cleanroom Construction** and **Custom Logo Branded Safety Helmets (OEM/ODM)** for large corporate accounts.

9. Warehouse Map & Courier Trust

Embedded Google Maps for your East Shewrapara, Mirpur office so buyers can visit and inspect physical samples, along with courier badges (Sundarban, SA Paribahan, RedX, truck dispatch).

10. Zero Monthly Server Invoices ($0/mo)

Architected on modern cloud edge infrastructure (Cloudflare / Vercel) that runs permanently on free tier. **No monthly server maintenance bills forever**.

✨ **Bottom Line:** This website is built specifically to act as your 24/7 digital salesperson—saving you time on repetitive calls, building instant authority with big corporate factories, and making it effortless for buyers across Bangladesh to order.

Questions for the Client to Kick Off

4. Client Meeting Questionnaire

Use these targeted questions during our upcoming meeting with the leadership of M/S Eshayat Enterprise to finalize the project requirements and gather necessary assets:

Section A: Business Operations & Contact Routing

1 Primary Phone & WhatsApp Numbers

We noticed two main numbers: `01862-679456` (Primary/WhatsApp) and `01309-816266` (Sales). Which number should be the primary WhatsApp destination for quotation inquiries? Should buyers also see the secondary sales line?

বাংলা: ওয়েবসাইট থেকে আসা হোয়াটসঅ্যাপ মেসেজগুলো কোন নম্বরে ঢুকবে? সেলস ও অফিস নম্বরের মধ্যে কোনটা প্রাইমারি রাখবেন?

2 Official Email for Quotation Requests

When a company submits a formal tender or quotation request on the website, should it be delivered directly to `eshayat.enterprise@outlook.com`, or is there an alternative inbox checked daily?

বাংলা: বড় কোম্পানিগুলো যখন অফিশিয়াল কোটেশন চাইবে, ইমেইলটা সরাসরি কোন ঠিকানায় যাবে?

Section B: Product Inventory & Priority Categories

3 Initial Product Focus & Hero Categories

We have already catalogued over 60 products from your records (Safety Shoes, Lab Pipettes, Autoclave Boots, Fire Blankets, Reagent Bottles). Which 2 or 3 product categories bring in the highest volume and should be highlighted at the very top of the homepage?

বাংলা: কোন ২-৩ টি ক্যাটাগরি বা পণ্য আপনাদের সবচেয়ে বেশি বিক্রি হয় যা ওয়েবসাইটের শুরুতে সবার আগে দেখানো উচিত?

4 Minimum Order Quantity (MOQ) Indicators

Do you have minimum order quantities for certain items (e.g. "Minimum 1 carton", "MOQ: 50 pairs" for safety shoes, or "MOQ: 500 pcs" for Petri dishes), or are all items open to any wholesale inquiry?

বাংলা: কিছু পণ্যের ক্ষেত্রে কি কোনো নির্দিষ্ট সর্বনিম্ন অর্ডারের পরিমাণ (MOQ) উল্লেখ করার প্রয়োজন আছে?

Section C: Corporate Credibility & Legal Credentials

5 Trade License / BIN / TIN Badges

Displaying your Trade License number, BIN, or TIN in the website footer dramatically increases trust for corporate compliance officers. Would you like these official registration numbers displayed?

বাংলা: বড় কর্পোরেট ও ফ্যাক্টরি অডিটের সুবিধার জন্য ট্রেড লাইসেন্স বা BIN/TIN নম্বর কি ওয়েবসাইটে ফুটারে দিতে চান?

6 Authorized Brands & Dealerships

Are there specific international brands you are authorized distributors or direct importers for (e.g., *Karam, Schott Duran, DLAB, Saft, BKMAM, 3M*) whose logos should appear on an "Authorized Brands" carousel?

বাংলা: আপনারা কি কোনো নির্দিষ্ট ব্র্যান্ডের (যেমন Karam, Saft, DLAB) অফিশিয়াল ডিলার বা ইম্পোর্টার? তাদের লোগো হাইলাইট করবেন?

Section D: Showroom Visits & Nationwide Delivery

7 Warehouse Address & Sample Inspection Hours

Is the office at `1035/1, East Shewrapara, Mirpur, Dhaka-1216` open for prospective buyers to walk in and inspect physical samples? What visiting hours should be shown on the map?

বাংলা: কাস্টমাররা মিরপুর অফিসে সরাসরি এসে কি পণ্যের স্যাম্পল দেখতে পারবেন? অফিস খোলার সময়সূচি কী দেব?

8 Nationwide Courier & Transport Methods

Which courier/transport services do you typically use for deliveries outside Dhaka (e.g. Sundarban Courier, SA Paribahan, dedicated truck/pickup for bulk tons)? We will display these trust badges.

বাংলা: ঢাকার বাইরে ডেলিভারির জন্য আপনারা সাধারণত কোন কুরিয়ার বা পরিবহন ব্যবহার করেন?
